

Getting active just got easier

Did you know that as an Active&Fit® member you can go to a participating fitness center or select YMCA for \$100 per year?

Some locations offer use of aerobic and strength training equipment, along with use of features such as saunas, pools, and whirlpools (where available). Workout classes may also be offered as part of the membership.*

**Non-standard services that call for an added fee are not part of the Active&Fit program.*

Don't want to go to a fitness center? No problem!

You can enroll in the Home Fitness program for only \$10 per year and choose up to 2 home fitness kits each benefit year. These kits may include DVDs, guides, and other items to help you get fit on your own terms.

All members also have access to the Active&Fit website, which includes:

- The Active&Fit Connected!™ tool, a fun and easy way to track your exercise at a fitness center and/or through a wearable fitness device or app**
- Fitness center search
- Online classes
- The Active&Fit quarterly online newsletter

***Purchase of a wearable fitness device or app is not included in the Active&Fit program and will not be reimbursed.*
