Vision Benefits

Setting Your Sights Clearly

Vision benefits are just as important as your main UHA benefits—it’s all part of a commitment to health. Annual, routine eye exams are part of preventive care, and members receive coverage for 100% of these eligible charges every calendar year. In addition, up to \$175 is available annually for glasses or contact lenses—and you have the option of visiting a provider outside of the UHA network. As an enhanced benefit, members now also have up to \$350 per eye, per lifetime, for a total benefit of \$700 for LASIK surgery.

Vision 100

VISION EXAM

Plan pays 100% of the eligible charge for one routine vision examination and refraction per member, per calendar year.

VISION CARE PROVIDERS

Members have the choice of going to a participating or non-participating UHA vision provider who must be a licensed Ophthalmologist (M.D. or D.O.) or Optometrist (O.D.).

APPLIANCES

Up to \$175 every calendar year towards the purchase of prescription eyeglasses, prescription contact lenses, frames, prescription lenses, or any combination thereof. The member is responsible for paying the provider the difference between UHA’s payment and the total actual charge.

LASIK SURGERY

Up to \$350 per eye, per lifetime, for a total benefit of \$700 for LASIK surgery as approved by the Food and Drug Administration for members aged 18 and older. LASIK surgery benefit is a direct reimbursement to the subscriber. The subscriber is responsible for paying 100% of the provider’s total actual charge. The subscriber is responsible for submitting a vision claim and will be reimbursed by UHA.

LIMITATIONS & EXCLUSIONS

The following services are not covered:

- Contact lens fitting
- Repair or replacements of frame parts and accessories
- Contact lenses or eyeglasses which are required after cataract surgery
- Non-prescription eyeglasses and lenses, including sunglasses, reading glasses, blue light filtering lenses, and magnification lenses
- Inserts for diving masks
- Non-prescription industrial safety goggles
- Coating or tinting of lenses
